#### e-Registry milestone

Companies House Gibraltar is delighted to announce that it has today reached a milestone. Over **one million documents** are now available for download via its e-Registry, most of which consist of multiple pages.

Companies House Gibraltar continually strives to upgrade and improve its services. For several years now we have been investing heavily into our infrastructure and staff members have been scanning tirelessly for over four years in order to achieve this goal. As a result of this drive we can now proudly say that **all documents for all active companies including historical documents filed since 1931** are now available for download via our web portal.

We are pleased to share this event in our progress and to celebrate with you. We would also like to take this opportunity to remind you that you may now follow us on social media via facebook ([facebook.com/companieshousegibraltar](https://www.facebook.com/companieshousegibraltar)) and twitter (@chgibraltar).
